NOTICE

Friday October 14, 2011

Dear Customer:

In order to repair Water Company facilities please be advised that **water service will be temporarily discontinued on Wednesday October 19, 2011 at approximately 9:00 AM.** We estimate that the water will be off approximately 6 hours. Upon completion of work water service will be restored without additional notice. If shutdown is not performed due to inclement weather, it will be done on the next business day without further notice.

Temporary water service will not be available therefore we advise that customers draw water for their needs.

Once water is restored you may experience low water pressure and discolored water.

We thank you for your cooperation during this unavoidable interruption to your water supply. Should you have any questions or require any further information in this matter please contact our construction department at (914) 637-5334.

Very truly yours,

Don Ali
Planning Supervisor
